

## CASE STUDY: KO'OLAU CATERING, INC.

KANEOHE, HI

Ko'olau Ballrooms & Conference Center is a professional banquet and catering company that provide venues for weddings, wedding receptions, social gatherings, celebrations, retreats, proms, project grads, conferences, and meetings of different proportions for public consumption.

### CLIENT ISSUE/CHALLENGE

- Upkeep of the passenger elevator's brass panels had been neglected, resulting in unsightly oxidation and pitted surfaces
- Cost to re clad brass surface of interior panels and doors was prohibitive

## GRAFFITI SHIELD SOLUTION | Installed by T&T Tinting of Honolulu, HI

### METAL SHIELD BRUSHED GOLD

- Opaque surface protection film that replicates the look of brushed gold or brass.
- Proprietary adhesive that cleanly releases from the surface, but withstands removal attempts from general public.
- Protected the substrate from future damage while covering up existing oxidation.
- Precut pieces with unique part numbers for quick and easy identification and replacement.

### PROJECT OUTCOME

- The costs to resurface the elevator interior panels and doors had been quoted at over \$8,000 each. Material and installation costs of the Graffiti Shield film solution came in at 1/5 the cost.
- T&T Tinting completed the measurement and installation process in less than 10 days, providing a quick and impactful facelift for Ko'oolau.
